

WAVERLEY HILLS
ORGANIC WINE & OLIVE ESTATE

Eat, drink & be married

We invite you to come and have a look at our wedding venue which has country charm with elegant, rustic furnishing, making it the perfect setting for your magical day

Our Venue

Found just outside of Wolseley, only 115km from Cape Town, Waverley Hills offers couples a serene and elegant wedding venue. Built with class and style, its quality fittings and immaculate finish sets a gorgeous canvas for your wedding. Large fold-back glass doors allow the beautiful views of the valley into the venue. A covered terrace can be used for canapés and pre-drinks.

The large fireplace adds ambience and warmth for winter weddings and in summer the venue is fully air-conditioned. Whether it is an intimate or a lavish affair the catering and service team will ensure that this

special day is filled with charm and attention to detail. The venue can cater for up to 120 guests (round tables) or 80 guests (long wooden tables) including a dance floor.

The Wedding Ceremony

Our chapel and venue are surrounded by fynbos and organic vineyards. With this romantic setting, you can choose to either have your wedding ceremony in our beautifully landscaped gardens or in the chapel that has a refined interior complemented with rustic exposed brick work.

With its unassuming natural beauty, Waverley Hills is a photographer's dream when shooting those special wedding photos.

Menu

Fresh and locally sourced ingredients are used to create beautiful dishes according to your requirements. We offer a wide variety of canapé, starter, main course and dessert options to choose from. We also make special arrangements for guests with certain dietary requirements. No outside catering allowed.

Bar

Waverley Hills has a full licensed bar and we only stock wines from our cellar. No other wines may be used. We have a cash bar facility that we will stock according to your needs. Please advise us on tab limit or if you'll be having a cash bar.

Music

We have our own PA system and it is only sufficient for background music. You will require a DJ to play music for dancing. Your DJ should supply his own sound equipment and cordless microphone for speeches.
