### VINEYARD/HARVEST

Organic grapes were handpicked and manually sorted in the vineyard

### WOOD

Subtle treatments with French oak alternatives were done during fermentation.

### CELLAR

Grapes were gently de-stemmed and crushed then fermented to dry using specially selected commercial yeast strains. Wine plus grape skins were gently pressed and the pressed juice were only added later after evaluation of the quality.

### TASTING NOTES

This Organic wine has a bright red colour. On the nose black berries, plums and black olives come through strongly. This wine is forward on the nose with subtle oak and fynbos (garrigue) flavours. On the pallet, elegant ripe fruit and berry follow through with soft ripe tannins and a dry finish

This wine is vegan friendly as no animal by-products were used in the production.

Due to this wine having no preservatives, it is recommended that it be kept chilled and enjoyed immediately.

### FOOD SUGGESTIONS

Poultry, lamb, potjie or beef
